

THE OLD JOYOUS FEELING.

The Virginia Chronicle, on reviewing the State ticket, gives way to the old liliatous feelings that have always come over it ever since Republican tickets were nominated in this State.

Nothing ever seems to please the Chronicle so much as the tickets put up by Republican Conventions.

The only time the Chronicle begins to sour on the ticket is when the election returns come in. Then the aspect of the ticket changes, and the Chronicle regards it with averted eye.

Although our Comstock contemporary is now contemplating the ticket with great pleasure it is not doing so with any profound feeling of delight, but simply to brace the Democracy up long enough to cause a few misguided candidates to accept nominations on the Democratic ticket, put up their money and make a campaign.

Fewer people will be fooled this year than ever before.

COAST NEWS.

The State Fair opened at Sacramento Monday.

Forty-five colonists from Nebraska arrived at Madera, Fresno county, Cal. Saturday and located in the John Brown colony.

Fresno's output of raisins this season promises to be from 600 to 650 carloads. The dried fruit shipments this year trebled those of last year.

A mortgage was recorded in Seattle, Wash., on Saturday, that calls for \$89,000,000 to extend the Northern Pacific from Assinaboine Mont. to Puget Sound.

The two men who assaulted and robbed William Snyder at Niles Friday night, answer the description of the men supposed to have killed Jacobson, in San Francisco.

Two drunken Indians knocked down John Wolverine, a section foreman on the Northern Pacific, near Hope station, a few miles east of Portland, Saturday, and scalped him.

Pedro Rossas, a native of California, shot and mortally wounded a farm laborer named Owen Smith at Midway station Alameda county Saturday night in a drunken row. Rossas was captured at Livermore.

Two heavy blasts placed in a rock pile in the Northern Pacific freight yards east of Spokane Falls, Saturday, and intended to be fired when the men came out of the cut in the evening, prematurely exploded and the loss of life was very heavy. Some forty men were at work. Fifteen dead have been recovered. Many were injured, it is believed, beyond recovery.

The Austin Reville does not agree with the Silver State on Bartine. It says:

If the people are left to themselves in this matter and are allowed to have any say, "Mr. Bartine's course on the silver question has been so satisfactory to a large majority of them," that he will be returned to Congress, and that, too, by quite a number of Democratic votes. Several of those Democratic votes are not over two hundred yards from this office, so the Silver State will perceive that all great men do not see through the same glasses.

"Out of Politics."

The following appears in the Reno Gazette:

The way that the Southern Pacific Company is "out of politics" in Nevada would have paralyzed even the double back diplomacy of old Bismarck himself. Its boss manipulator "Black Wallace" co-operated with the "Sharon-Yerington element" to defeat the "Jones element" aspirant for Governor, and then co-operated with the "Jones element" to defeat the choice of the "Sharon-Yerington element" for Congress. We have obtained—thanks to the Lord—a good ticket out of the shuff. We wonder what the result would have been if the railroad had not been "out of politics."

During a row among colored men in a saloon in Denver, Col., yesterday, Thomas Bucknor was shot through the heart and several others were wounded.

Being under oath, Webb has admitted that he had arranged for the use of Pinkerton's men some time before the strike. This disposes of Depew's assertion that he had not expected the strike when he ran off to Europe.

The county candidates seem rather quiet.

The California Press Association meet in Sacramento on the 12th.

**A RARE OPPORTUNITY.** Good Agricultural Land for \$10 to \$20 per Acre. The Pacific Improvement Company has recently purchased twelve thousand acres of land in the heart of Tehama County, for the purpose of promoting subdivision and settlement. This land embraces lands from first-class Sacramento Valley agricultural land, to land of a favorable quality, and is offered at from \$10 to \$20 per acre, in subdivisions of 4, 8, 16, 32, 64 and 128 acres. The terms upon which these lands are offered are exceedingly attractive. They will be sold in subdivisions, as above indicated, by the payment of time the purchaser begins the payment of principle by paying the first of five equal annual installments. Thus a part of the principle is to be paid for three years, and then the purchaser is to have five years in which to pay five equal annual installments, with interest at the rate of seven per cent. per annum, making payments extending over a period of eight years. It tends to purchase as are assured that this is an opportunity to purchase land of fair average quality at \$10 per acre, and a good agricultural land at \$20 per acre, with other grades of land at prices to correspond between these figures. A small note is frequently made that good lands, suitable for general farming and especially adapted for fruit growing cannot be had in California for less than from \$20 to \$30 per acre. An examination of the land subject of this advertisement will prove to home-seekers that this is an opportunity for the purchase of good agricultural land at \$20 an acre, and for qualities grading down to fair agricultural land at \$10 an acre on terms of payment which should make the disposition of these lands to actual settlers a result easy of accomplishment. The primary object of the purchase of this body of land was the breaking up of a large holding for the purpose of promoting its settlement in smaller quantities, and its devotion to diligent husbandry. For further particulars call upon, or address, WM. H. MILLS, Land Agent of the C. P. R. R., Fourth and Townsend Streets, San Francisco, Cal. j25 tf
